

# Grocari

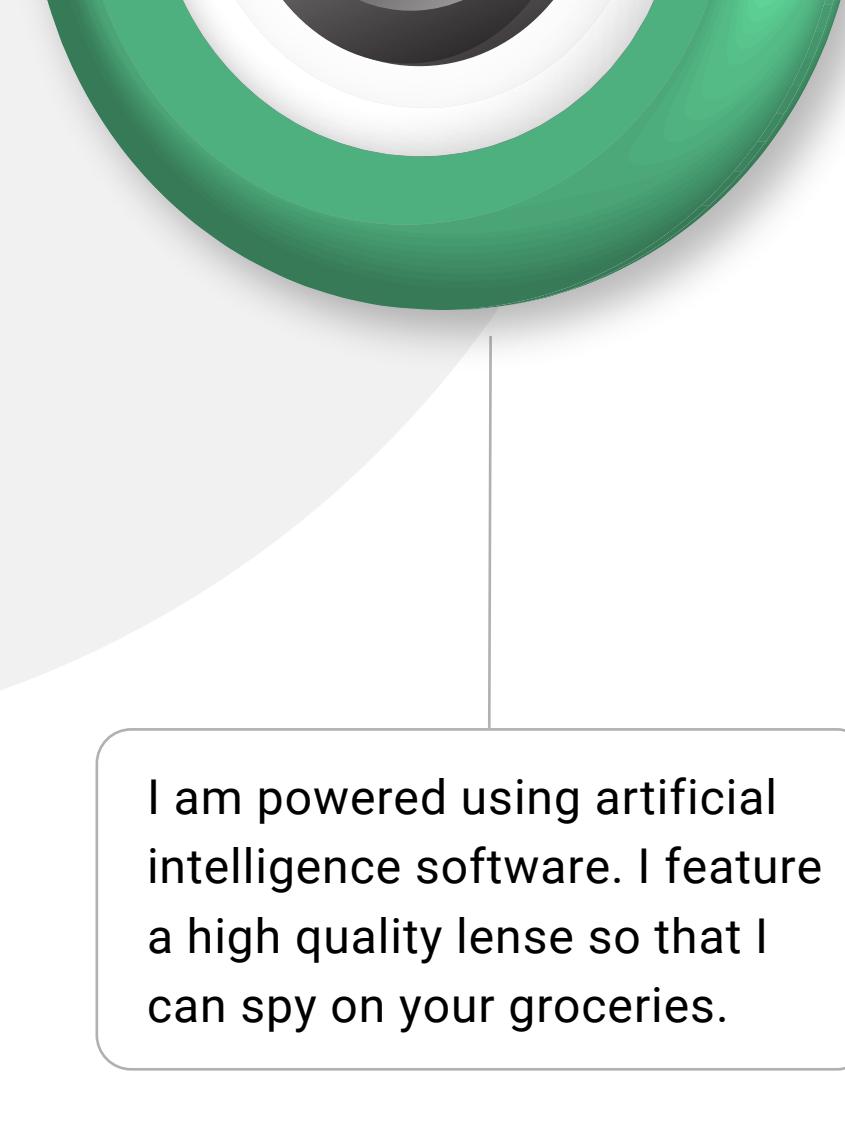

## Never forget a grocery again.

### Meet your new grocery shopping pal

I am Grocari, a family friendly gadget making your shopping experience a good one.

You can stick me anywhere:  
In the fridge, the freezer or even  
your kitchen cupboard. I'm not  
fussed on temprature.

I am powered using artificial intelligence software. I feature a high quality lense so that I can spy on your groceries.

1. I'll give you live updates and notifications

2. With my clever software, I am able to detect what groceries you need

3. You can check out the data analysis I put together based on the items you buy

4. Simply scan the grocery items you want me to detect.
